UPCOMING ITEMS

CPD: Introduction to Travel Health (Limited spaces available)

Tuesday 23rd January 2024 & Wednesday 24th January 2024 - 8:45am - 5pm

This two day Introduction to Travel Health course is intended for Nurses/Nursing Associates/Allied Health Professionals aimed at those who may be new to the field of Travel Health, returning to travel health after a long gap or already practicing but may not have undertaken formal training.

Please contact nclpcb.nclcpd@nhs.net to request a space on this course by **Friday 12th January 2024**. Please note due to limited availability spaces will be offered on a first come first serve basis.

International Educated Nurse Programme - Collecting Expressions of Interest

Employers to submit EOI by Monday 15th January 2024

NCL Training Hub are running a programme to facilitate and support up to five nurses trained abroad who have not had access to training/funding to complete the NMC registration, and are working in practices in NCL in roles below their nursing qualifications (e.g., HCAs/admin). The aim is to support practices in gaining new, qualified nurses, while supporting nurses in reaching their career potential.

We are now looking for EOIs from General Practices/PCNs who employ an internationally educated nurse and are interested in accessing the support package.

Cancer in the Community Education Programme: Expression of interest

We are exploring interest and demand for a Cancer in the Community Education Programme, a collaborative training initiative delivered by CLCH (Central London Community Healthcare) and the Transforming Cancer Services Team for London (TCST).

This program, sponsored by Health Education England (HEE), **NHSE/WTE** is designed to enhance the skills and knowledge of healthcare professionals working in primary care, with a focus on General Practice Nurses (GPNs), Nursing Associates, and Allied Health Professionals (AHPs). The primary goal is to equip healthcare professionals with the necessary tools and knowledge to provide optimal care for individuals living with or after cancer.

If you are a GPN, NA or an Allied Health Professional committed to advancing your knowledge in cancer care and contributing to improved patient outcomes, we invite you to express your interest in the Cancer in the Community Education Programme by **Friday 19th January 2024** using the buttons below

For further information please [click here](#)

Express your interest

NEWS & EVENTS

The Fit Note - ELFH

The learning takes a case study approach in exploring the common scenarios that present in GP surgeries and how the fit note can be used most effectively.

There are 4 sessions in the fit note programme:

An enabling approach which explains the aims and importance of the fit note

Key legislation and guidance to help understand the context and dispel any myths

Making recommendations using case studies and examples of completed fit notes

Application of the fit note which brings together the knowledge gained to apply to case studies and the final assessment of your knowledge.
