Survey: Understanding barriers to accessing health & care information in Community Health Services

Please complete the survey by 22nd December 2023

The London Community Digital Transformation, One London and Universal Care Plan teams have joined forces to identify specific barriers and challenges of access to information when you are providing care. Your feedback will help build a strong evidence base of needs and gaps in access to information by NHS Community staff and shape improvements to access to the information you need at point of care.

If you are aware of or have issues or challenges in accessing information as part of your role, this is the ideal opportunity to describe them.

Cancer in the Community Education Programme: Expression of interest

We are exploring interest and demand for a Cancer in the Community Education Programme, a collaborative training initiative delivered by CLCH (Central London Community Healthcare) and the Transforming Cancer Services Team for London (TCST).

This program, sponsored by Health Education England (HEE), **NHSE/WTE** is designed to enhance the skills and knowledge of healthcare professionals working in primary care, with a focus on General Practice Nurses (GPNs), Nursing Associates, and Allied Health Professionals (AHPs). The primary goal is to equip healthcare professionals with the necessary tools and knowledge to provide optimal care for individuals living with or after cancer.

If you are a GPN, NA or an Allied Health Professional committed to advancing your knowledge in cancer care and contributing to improved patient outcomes, we invite you to express your interest in the Cancer in the Community Education Programme by **Monday 18th December 2023** using the buttons below

Expression of Interest: IT Training Opportunity for the Nursing Workforce

As part of our ongoing commitment to enhancing professional development, NCL Training Hub are exploring the possibility of providing IT training tailored to meet the needs of our nursing workforce. We are considering the commissioning of training sessions focused on **Microsoft Teams and Outlook**, two essential platforms for effective communication and engagement in the NHS. We recognize that navigating modern communication platforms can be challenging, and we aim to support you in building the necessary skills to thrive in today's digital environment.

To gauge demand before we commission this training, we are collating Expressions of Interest from people interested in attending.

If you're interested in the IT Training Opportunity, please complete the expression of interest form, linked below, by **15 December 2023**.
